

What's New!

Bringing you the latest news and information from Professional Medical!

As we celebrate our 40th anniversary, we continue to provide new, exciting and innovative products and services.

Our staff is always focused on helping you to improve care and reduce costs and with more than 4 decades of experience, we understand that the Long Term Care industry is always changing. At Professional Medical, we are 100% focused on providing products, services and solutions at the lowest possible prices to our customers.

Improve resident care with our new **Compliance BG System**, a bio-sensor plasma-based blood glucose monitoring system with advanced 2009 technology. No coding required, small sample size and alternate site testing available. Combine it with the **Compliance MicroLance PF Safety lancet** for a pain free monitoring system uniquely suited to the Long-Term Care Industry.

Our family of Incontinence Products has a new member, the **Compliance Super Adult Skin Caring Brief** with Dry-Dignity Fabric. This 100% breathable fabric with stay-dry strip improves skin health and prevents leakage. The quiet, soft, cloth-like fabric is similar to traditional underwear, providing comfort and dignity. The Compliance Super Brief offers the Better-Fit Comfort Tab System with flexible tabs that can fasten and refasten anywhere on the outer fabric for a custom fit and easier application.

When looking for Skin Caring SUPER Solutions, look for **Captain Compliance**, **Protector** of Resident Care and **Savior** from the dreaded F-Tag violation. He **Searches** the globe for products designed to **Improve** and **Protect** residents while keeping your facility in **Clinical & Regulatory Compliance**. Captain Compliance, working with you to stay in compliance!

ProMed is excited to announce the newest member to our Compliance Skin Care family, the **5N1 Perineal washcloth with Breathable Barrier**. Enriched with **Chamomile and Dimethicone** to provide the perfect breathable skin barrier.

Our **newly updated F-314 Pressure Ulcer Resource Manual** covers the latest changes in F-314 Regulations. It's loaded with new and exciting wound care product innovations. Ask a ProMed Team member about our new **Quadra Foam dressings** which effectively cleanse, fill, absorb and moisten wounds throughout the healing continuum.

Improve Care. Save Time. Reduce Costs.

Only at 

An affordable option to providing exceptional protection that you can depend on is our **Compliance Nitrile Powder Free Synthetic glove**, the newest member to our Compliance family of gloves. These soft Nitrile gloves were created to offer latex-free protection with the comfort, fit and sensitivity of latex.

Ask a ProMed Team member about our new **Compliance 5-Star Enteral Program** and our monthly **Customer Appreciation Specials**.

Visit us at www.promedsupply.com for other products and services to benefit your residents and your facility.

Coming soon to ProMed is our newest Resource Manual the F-497 Regular In-Service Education and our Compliance Wound Care solutions. **Professional Medical makes it possible.**

With award winning Sales and Customer Service teams, exciting new products and the lowest possible prices, **Professional Medical has what you need, when you need it.**
